

Soft Dough & Cream Sandwiching Showcase

14th & 15th April 2010, Peterborough, UK

The Soft Dough & Cream Sandwiching Showcase is the ideal way to get up to date on the latest technologies in these areas. The Showcase will feature a full mixing, moulding, baking and cream sandwiching line for the automatic production of over 5,000 cream sandwiches per minute, including technical presentations and detailed inspections of all the equipment.

In addition, we will include technical presentations on other aspects of soft dough forming such as wire cutting and bar/filled bar extrusion.

Programme of events:

Wednesday 14th April 2010 / 09:00am - 5:00pm

Technical presentations and equipment inspections

- HS3 Mixer (1,100kg capacity)
- Dough feed system
- Series2 Rotary Moulder
- Hybrid oven comprising DGF and Jetcirc convection sections
- Two cream sandwiching systems comprising
 - 4 lane sandwiching machine
 - Lane multiplier
 - Vibratory feeders
 - Cream feed system

Technical presentations on

- New technology and design trends for hygienic equipment
- Opportunities for high-efficiency production of soft dough products

7:00pm
